

Dashboard Methodology: 1B

Commitment 1: Secure Tenure Rights

1B	Women and men with legally recognized documentation or secure rights to land, disaggregated by type of tenure
----	---

Section 1: Description of Indicator, Implementation and Scoring

Method to be Used	National or Sub-National Representative Survey
Introduction	Indicator 1B captures rates of legally recognized documentation or secure tenure rights among men and women, for different types of tenure.
Source of Methodology	PRIndex
Data Needed	PRIndex will collect raw data from a nationally representative survey implemented in Senegal in 2018. Specific questions from this survey will be used to calculate Indicator 1B.

How to Implement	Implementation of 1B will depend upon the data collected in the PRIndex survey. Below you will see the relevant questions for Indicator 1B, according to sections of the PRIndex survey. The data from these questions will be aggregated at national level and shared with the in-country Dashboard lead for Scoring.
